

# Chapter XV: There Can Be Only Nun

*Heroes come in all shapes and sizes. A particular crew of 7 heroes put on nun costumes and held candles and books, then walked down the streets of one of the most populous cities in America without even having a map!*

**Herobrine:** Do I do this naturally?

**Notch:** No, this is just an awkward, weird, and... never done before way of saving the world.

**Local:** Hello, beautiful day!

**Boss Steve:** What do we say?

**Notch:** Umm, very nice!

*The fact they disguised themselves as something they didn't even know the role of, plus being in a new dimension, really made things complex and confusing.*

**Rainbow Steve:** Does anyone realize that we have no idea where we're going?

*They stopped for a moment of silence.*

**Notch:** Crap.

**Alex:** I'm sure cities have maps, we shouldn't need to worry.

*In only 5 minutes they found themselves in front of a large building with hundreds of people entering and exiting.*

**Light Steve:** Something tells me we'll find a map in there.

**Boss Steve:** Or maybe something to eat! I haven't eaten since we left!

**Notch:** Yeah, we'll all get something to snack on, then look around for a clue or two.

**Steve:** You guys are all in for a treat, you'll be surprised by the palate they have.

**Alex:** Yeah. Though, if you can't pronounce it, don't eat it.

*They walked up the stairs to the mall, they had never seen a ramp before, and then entered!*

**All:** WOOOOAH!

*Tens of stores around them, all with all kinds of different stuff for sale; food, clothes, sports, toys, outdoors, accessories, and much more. All was tempting, and of course, they just had to have a “little” look around.*

**Notch:** Okay, everyone remember, minimal excitement, and inside voices.

**Light Steve:** Where should we look into first?

**Boss Steve:** How about that place.

*It will be the first of many. 1 hour later...*

**Notch:** That was pretty cool!

**Rainbow Steve:** Yeah, I have never seen a sphere in my life! But there were so many kinds of spheres!

**Alex:** How about that one next.

**Notch:** Sure, wait! Look at that sign.

**Light Steve:** Newly added Minecraft sets! What??

*6 hours of shopping, seeing, exploring, and finding led them up to eating choices.*

**Boss Steve:** This place is amazing, but I'm starving, we oughta find a place to eat!

**Rainbow Steve:** What about that one!

*Fast food restaurants are in malls everywhere, and here, Rainbow Steve was looking at...*

*McDonald's. Of course!*

**Attender:** Next! How is your dayyyyy- what the heck?

**Notch:** Hi, uhh we'd like the first place option, with the yellow sticks, and water.

**Attender:** Are you guys Youtubers on the side or something?

**Notch:** Umm, yes. And, 7 of those orders.

*In about 5 minutes...*

**Attender:** You win for most interesting customers of the year, have a good day.

**Notch:** Thank you, ma'am.

...

**Boss Steve:** Oh my gosh this is the best stuff I've had in 800 years!

**Herobrine:** Should I like this? I'm not sure.

**Notch:** Do you remember your name yet?

**Herobrine:** Well, while being around the 6 of you, I do remember a few things, I know I have lost my memory, I don't know how, I know my name is Herobrine, but I don't know where I was created or anything like that.

**Notch:** Good, well, you lost your memory after being electrocuted by insane voltage, and you were created by Notch, no not me.

**Herobrine:** Wait, your name is Notch! And you're my brother!

**Notch:** Yes!

**Herobrine:** And- dang I lost it.

**Notch:** That's okay, we'll fix everything.

**Shopper:** Excuse me, hate to bother, but I was wondering if you were associated with the downtown church?

**Notch:** Ummmm, no actually.

**Shopper:** Okay, thank you very much.

*He started walking away.*

**Notch:** A church. Maybe we can get more help there.

*They discreetly followed the man to the church, and had to stop to see...*

**Light Steve:** Guys, that is beautiful!

*Unfortunately, they walked up to it.*

**Steve:** It's amazing!

**Alex:** Right?

**Rainbow Steve:** Oh, The real world is is so far behind in technology, I mean, they don't even have magical potions yet, but they have a real knack for design.

**Usher:** Oh, you must be the new choir team, welcome!

**Notch:** What?-

**Usher:** Right this way, we almost went talking, no singing, and that would not be good.

**Notch:** Umm, we don't really sing.

**Usher:** We don't need good singing, we just need on-point notes!

**Notch:** Umm, okay.

*5 minutes after the start...*

**Priest:** And why do we pray to the Lord all the time, you know sacrifices are committed sometimes for people, but they don't get near as much praise, and

*(background sounds implied throughout the next few lines).*

**Notch:** Steve, you had to pick nuns, they dedicate their lives toward this religion!

**Steve:** We needed a similar disguise!

**Priest:** Please join us in singing number 505, "There's a Man in the Glory", number 5-0-5.

**Notch:** Okay, now we sing, the notes are here, we know note blocks in Minecraft, surely it isn't that different.

**Boss Steve:** What in the Nether kind of font is this?

**All:** There's a man in the glory where life is for me! He's pure and he's holy, triumphant and free!

**The Heptad:** He cries and he's... stuffing how censored is he! His knife in the chlorine, my knife just bleeds! Bread knife is thorny, my knife scuffed me!

**Notch:** Hmm, wow, that really wasn't that hard, we did well.

*The first 40 minutes went decent, until Null appeared at the open doors. He tried to enter, but when he did, an invisible barrier prevented him from doing so. The eyes of the crucifix lit up when he tried to infiltrate. He then decided to try to enter through the vents, and was successful. He rested atop the crystal chandelier.*

**Rainbow Steve:** Notch, there's something on the chandelier.

**Notch:** Oh sheep.

**Light Steve:** We can't stop him without showing our identity.

**Notch:** We uh, swat at him. Null! Go on! Leave!

*They got some weird looks.*

**Priest:** We now talk about the punishments that God had given his sinning children of the time.

*Null started using hand signals acting stupid, like (Oh hit this screw out of place?) (Oh, saw this off?)*

**Notch:** Null! Leave!

**Light Steve:** Boss Steve, on my command, smash that window.

**Boss Steve:** Umm, okay.

**Null:** (Oh okay, I'll drop this)!

*Null started sawing through the top of the chandelier, which was about to ruin some stuff.*

**Priest:** There have been very strange coincidences thought to be God's punishments, like lightning strikes, and ferocious animals, but sometimes God protects us from danger that would have been here if it wasn't for him, think about the dinosaurs, they would have dominated the planet if there wasn't for God's choice to have to end their reign. Who knows, if humans show no respect for one another, and for this Earth, he'd send another asteroid that would-

**Light Steve:** Break it.

**Priest:** -come crashing down right on us!!

**CRASH!!** *That hurt!*

**All:** OH MY GOD!!

**Notch:** Crawl out!

**Null:** Hehe, bye.

*Null left crashing through each of the lights, a real Satan.*

**Notch:** Okay, so that's a perfect example of why we can't get involved in this kind of stuff.

**Light Steve:** He's teasing us, he's trying to get into our heads with false stupidity.

**Notch:** We need to continue on, we don't know what else he might do.

**Herobrine:** He's leading us to something, and leading us away from something.

**Notch:** Exactly! Wait, Herobrine? Are you back?

**Herobrine:** I must have processed that last bit of lightning well.

**Light Steve:** You could've died, you risked your life to protect the rest of us, that's true devotion.

**Herobrine:** I know. But we haven't a moment to lose, let's get to the Feathery Thrills!

**Alex:** I thought it was Better Refills.

**Steve:** It was definitely Delivery Pills.

**Notch:** Either way, we oughta take that 4-wheeled container transporter.
